

Behind the Scenes tour at Oxford University Natural History Museum Monday 7th February 2022; 11am start

Where: Oxford University Natural History Museum, Parks Road, Oxford OX1 3PW
– meet just inside the main entrance to the Museum

How to get there: please click the following link: <https://oumnh.ox.ac.uk/visit-us#How>

When: 11:00am on Monday 7th February

What to expect: a tour lasting about 1 hour

Leader: Dr James Hogan, Collections Manager at the Museum

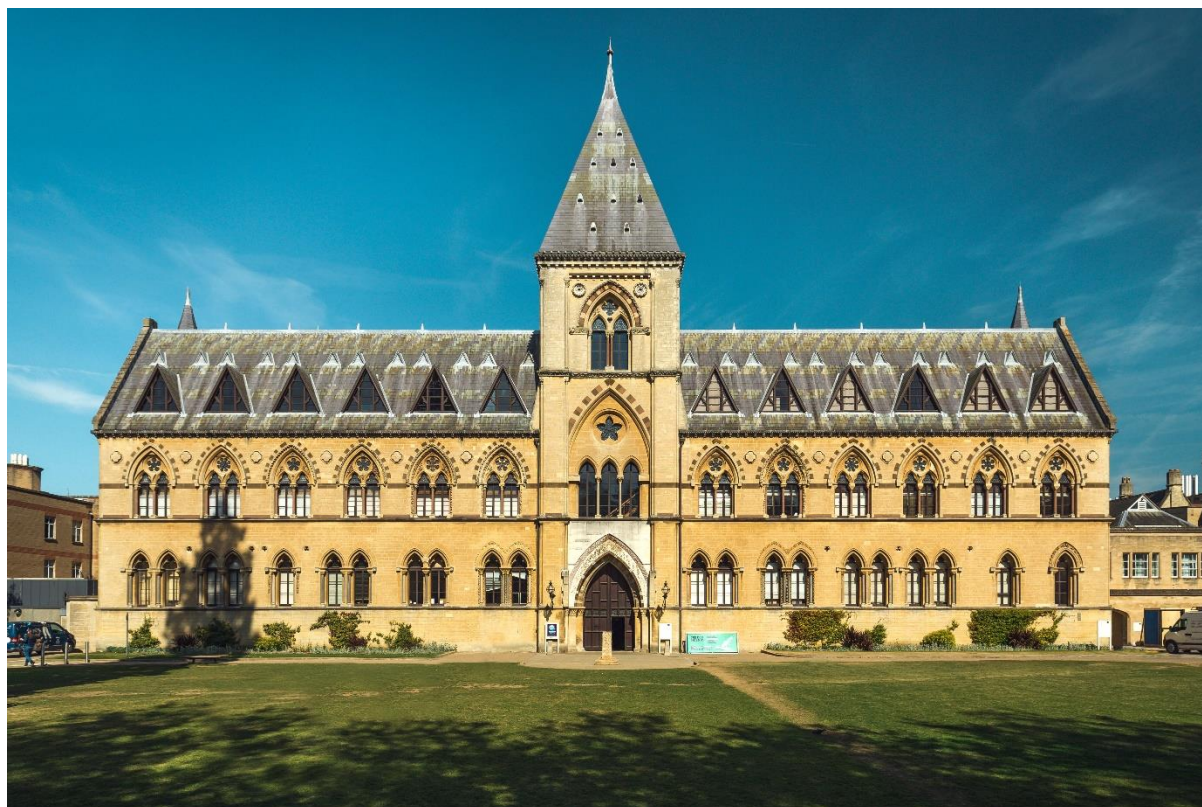

To book a place on this outing: Please email Alison at field@abnats.org.uk

PLEASE NOTE: places are limited to a maximum of 15 people. EVERYONE wanting to attend must therefore email Alison, who will assign places on a 'first come, first served' basis!

What we will see and hear about:

Dr James Hogan, who is the Collections Manager for the Hope Entomological Collections will give us a tour of approximately 1 hour. We will have the chance to see some of the spaces in the Museum not normally open to visitors.

James will talk about the history of the Museum and its collections and show us some highlights, including specimens collected by Charles Darwin and other 19th century naturalists. He will also discuss more modern uses of the collections and the ambitious project the Museum is running called HOPE <https://oumnh.ox.ac.uk/hope-future>
